Number 1

EXCEPTIONAL RESULTS SECURED IN COLLEGE BOARD EXAMINATIONS

In June, 1940, Governor Dummer had nine candidates for admission to college under Plan B ("New Plan"). All of these boys secured admission to the colleges of their choice—five entering Harvard, two entering Yale, and two entering Princeton. These boys secured in individual examinations four "honor" grades and two "highest honor" grades.

In addition, the school had four Plan A ("Old Plan") candidates who took a total of twelve individual examinations, receiving two failing grades, six passing grades rated as either "fair" or "good", three "honor" grades, and one "highest honor" grade. These grades are interpreted in accordance with the current Harvard rating sheet.

The list below shows the number of Governor Dummer graduates entering college over a ten-year period (September, 1931, to

(Continued on Page 12)

INTERIOR PLANS FOR NEW BUILDING ANNOUNCED AS WORK PROGRESSES

Work on the new \$80,000 building being constructed at Governor Dummer Academy is progressing at full speed. The first ground for the unit was broken about September 1 and already the concrete foundations have been laid. Work is now being done on the basement floors and the outlines of the building are beginning to take shape.

With the construction expected to be completed before April 1, the definite plans for the interior of the building are now available. The basement floor will contain the offices of Mrs. Gale and Mr. Barry, and there is a large space to be used for the school store and post-office. On the same floor will be a room for the day students equipped with lockers where the boys may keep their books. Also planned are a large men's toilet, two piano practice rooms, and storage space for school supplies, books, files, and other miscellaneous material.

Inside the doorway in the center of the first floor will be a large entrance hall where the boys are to gather before going into the dining

TWO NEW MEMBERS ELECTED TO ACADEMY BOARD OF TRUSTEES

At the last meeting of the Board of Trustees on September 14 two new men, Mr. Marshall B. Dalton and Mr. William S. Nutter, were elected to membership on the Board.

Mr. Dalton is the President and Director of the Boston Manufacturer's Mutual Fire Insurance Company. He is also the director of a number of other insurance companies and banks, among them the Merchants National Bank and the Boston Five Cents Savings Bank.

Mr. Dalton is a member of the Corporation of the Massachusetts Institute of Technology and is a member of the Fellowship Committee of the American Unitarian Association. He has been active in civic affairs and is now serving as director of the Boston Chamber of Commerce and as trustee of the Newton Hospital. His home is in West Newton.

Mr. Nutter, who was the inventor of Palm Beach Cloth, is the Vice President of the Goodall Worsted Company in Sanford, Maine. Mr. Nutter is recognized not only as a leader in industry, but also fully as much for his keen interest in youth and in education. He has taken special interest in the work of the Boy Scouts, in the public schools, and in the University of Maine, of which he is a trustee. In 1939 Bowdoin College conferred upon him the degree of Master of Arts. Mr. Nutter's home is in Sanford, Maine.

Last year Mr. Nutter's nephew, Robert Nutter, was a member of the graduating class, and another nephew, William Nutter, has entered the school this year.

room, thus avoiding the congestion which now exists before meals when the school congregates in the front portion of the dining hall. Mr. Eames' office and the school office will also be in this center portion, as well as a coatroom and a ladies' powder room. One of the features of the building will be the large living room on the first floor. This will occupy one entire wing, which will correspond to the wing now housing the dining hall. The living room is to be one story and a half high

(Continued on Page 5)

Vespers

September 22: The Reverend Palfrey Perkins of King's Chapel, Boston.

September 29: The Reverend Henry F. B. Ogilby of the Church of Our Saviour, Brookline.

October 6: The Reverend Maxwell D. Savage of the First Unitarian Church, Worcester.

October 13: The Reverend George S. Cadigan of Grace Church, Brunswick, Maine.

October 20: The Reverend Wallace W. Anderson of the State Street Congregational Church, Portland, Maine.

* * *

In view of the stupendous changes in the world today we are not safe, said Dr. Perkins, and we are faced with great responsibilities. In order to measure up to these responsibilities, we must learn self-control and we must learn to recognize what our duty is in life.

We must deny ourselves in order to gain our objectives in life, we must be loyal to the best instincts within us, and we must drive out the baser elements by means of faith and the recognition of duty.

* * *

Dr. Ogilby spoke on the importance of a balanced education which includes intellectual, spiritual, and physical development. In the totalitarian states this balance is lacking, for the spiritual side of man is neglected. A well-rounded outlook on life, Dr. Ogilby said, can only come with a mastery of the spirit which is secured through spiritual training in our educational system.

* * *

The importance of taking a far view of things was stressed by Dr. Savage. He explained that we must rise above fear, hate, and jealousy by developing self-reliance and social responsibility. It is necessary that we build our own religion, morality, faith, and character, for these attributes are within us and no one else can do it for us.

* * *

In his Vesper talk Dr. Cadigan discussed the real meaning of the art of work and the art of play. It is essential he said to discover the joy of hard manual labor and to find play into which we can enter with enthusiasm and vigor. It is also necessary, he continued, to learn the art of making friends, particularly with those who have had less opportunities than ourselves.

It is only when we completely understand these three arts that we can feel the meaning

of life and the sensitiveness of God's influence in life as a whole.

* * *

Dr. Anderson discussed the danger of becoming disillusioned as a result of present day conditions. He pointed out the fact that although our dreams of a world peace have been shattered, yet this does not mean that there is no such thing as ideals. It means rather that there has been a failure to live up to ideals.

We should look upon present events, he said, as a painful birth of new hope and as a challenge to bring about a better world order. This can be true if we become more humble and more receptive towards God's teachings.

GOVERNOR DUMMER RECEIVES TWO LARGE GIFTS BY WHIPPLE BEQUEST

Through the will of Mr. George Noyes Whipple, who died last June 27, Governor Dummer Academy was the recipient of a \$2000 sum of money and a gift of a large number of books from his library. By the bequest the school was allowed to choose any books which it desired and which it believed were valuable as additions to the school library.

About 100 books were selected, the most notable of which was a collection on mountaineering, one of Mr. Whipple's hobbies. The items in this set are special and deluxe editions of books dealing with mountain climbing in all parts of the world, in the Alps, the Himalayas, the Andes, and the Rockies.

Other sets included in the gift are those of the works of Dumas and Hawthorne. A further feature of the bequest is the miscellaneous books on New England customs, history, and events.

Mr. Whipple was a graduate of the school in 1874 and he received his degree from Amherst in 1878. In the early 1900's he was the founder of the Players, a pioneer entertainment bureau conceived more on a cultural rather than on a commercial basis.

Mr. Whipple was always much interested in the progress of the school. In 1927 he helped the Academy in the purchase of a large tract of land, which was called Whipple Field in recognition of his generosity. A number of buildings were included in the purchase and the land has proven of value in the development of new athletic fields for the school.

YOUNGER BROTHERS OF FORMER STUDENTS

Front row, left to right: Simson, Wellman, Monroe, Noyes, Pierce, Savage. Back row: Skeelee, Kirkpatrick, Carpenter, Peabody, Nutter, Munro, and Collins.

13 YOUNGER BROTHERS OF FORMER STUDENTS ENROLLED THIS YEAR

Amongst the new boys enrolled at Governor Dummer Academy this year there is an unusual number who have had older brothers here before them.

The names of these boys and their older brothers are as follows: Guy Carpenter, brother of Eugene Verdery of the class of 1935; William Kirkpatrick, brother of Donald Kirkpatrick of the class of 1937; James Munro, brother of Theodore Munro of the class of 1940; William Noyes, brother of Edmond Noyes of the class of 1938; William Nutter, brother of Robert Nutter of the class of 1940; Arthur Peabody, brother of Stephen Peabody of the class of 1934; Dana Pierce, brother of Richard Pierce of the class of 1937; Cyrus Savage, brother of Bertram Savage of the class of 1939; Humphrey Simson, brother of George Simson of the class of 1939.

Four of the boys have older brothers in school now, namely John Collins, brother of Thomas Collins; William Monroe, brother of James Monroe; John Skeelee, brother of Henry Skeelee; and John Wellman, brother of Arthur Wellman.

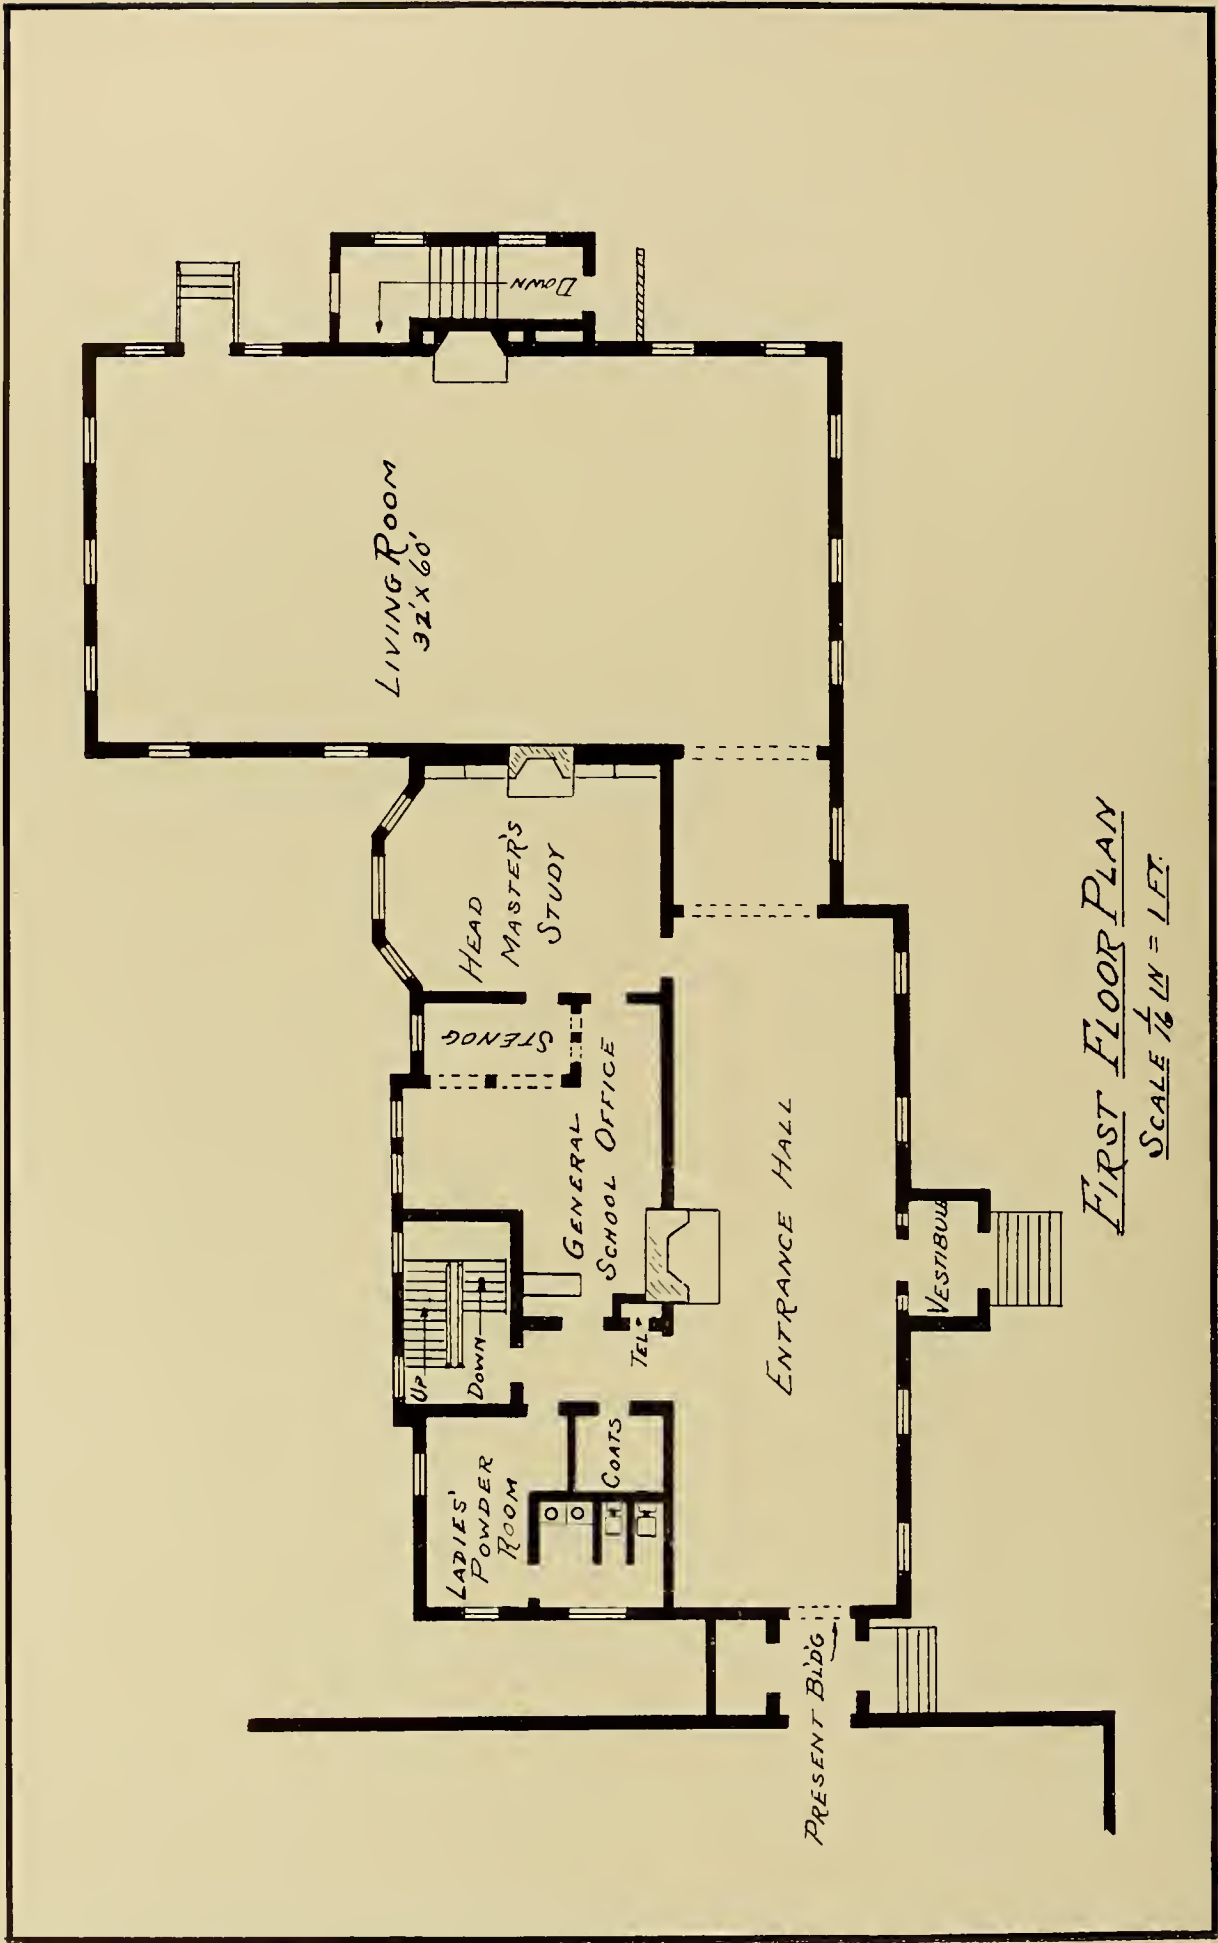

MR. FREDERIC STOTT JOINS FACULTY OF GOVERNOR DUMMER

One new master, Mr. Frederic A. Stott, has joined the faculty at Governor Dummer Academy this year.

Mr. Stott graduated from Andover in 1936 and received his B. A. degree Cum Laude from Amherst in 1940. While at Amherst Mr. Stott was a member of the Glee Club in his Senior year; of the Sphinx Club, the Junior honorary society; of the Scarab, the Senior honorary society; and of the Psi Upsilon fraternity. He was also on the varsity soccer team for three years and was captain in his Senior year, on the varsity baseball team for two years, and on the ski team.

Mr. Stott, who has charge of the third floor in Commons, teaches Biology and will assist in coaching soccer and baseball.

Here also at the Academy are two new Faculty wives. In June Mr. Jennings was married to Miss Barbara Lewis of Briarcliff Manor, New York, and Mr. Andrews was married in September to Miss Betty Whorf of Winchester. Mr. and Mrs. Jennings are now living in Degen House, while Mr. and Mrs. Andrews are in Mrs. Fleek's house.

This plan taken from the blue prints shows some of the main features of the building now under construction at Governor Dummer Academy.

RECENT GIFTS AND ACQUISITIONS BOOST LIBRARY VOLUMES TO 3000

Mr. Freiday of the faculty has been appointed school librarian to succeed Mrs. Kirk, who held that position for a number of years. Under Mrs. Kirk's excellent direction the Academy library doubled in number of volumes and was catalogued under the Dewey decimal system.

Occasionally throughout the school year Mr. Freiday plans to distribute to the student body a library bulletin discussing new acquisitions. The bulletin will not only contain general information on new purchases and gifts but will also have comments on outstanding new books, mentioning briefly their contents and any other additional facts which might serve to arouse the interest of the boys.

To further the training of the students in the use of a library, some of the faculty wives and masters have volunteered this year to be present in the library at times when it is most commonly used and to give help in teaching the boys the correct use of the cataloguing system and of the reference books.

The acquisition of a number of gifts of books has brought the total number of volumes in the library up to about 3000. By the will of Mr. George Noyes Whipple of Boston and Manchester a large number of books selected from his private library were received. There have been recent other gifts by Mr. James Duncan Phillips and Mr. Benjamin Pearson.

NEW BUILDING

(Continued from Page 1)

and will have a great fireplace. The fireplace is to be in the middle of one of the long sides of the room. This room is to be used for school meetings, receptions, and the Sunday evening vesper services.

A dormitory will occupy the second floor. There will be nine single rooms for boys and a master's suite. The third floor will consist of two large recreation rooms.

MORE BRIEFLY

Two gifts have recently been given to the machine shop. They consist of one pedestal grinder and a power hack saw.

* * *

Mr. Charles H. Taylor, Jr., a member of the Board of Trustees of Governor Dummer Academy was recently elected President of the Industrial School for Crippled and Deformed Children in Boston.

ACADEMY OPENS FOR 178th YEAR WITH ENROLLMENT OF 146 BOYS

School opened on September 19 with an enrollment of 116 boarding students and 30 day boys, comprising a total number of 146.

The geographical distribution of the boarding students is nation-wide. Of the 116 boys Massachusetts has the largest representation from any one single state with a total of 54 boys. New York state comes second with 17, while Maine is third with 11. New Hampshire follows with 7, New Jersey and Illinois with 4, and Florida, Connecticut, and Pennsylvania with 3.

Seven states have one representative here at school, namely Vermont, South Carolina, Michigan, Indiana, Ohio, Minnesota, and California. Boys from four foreign countries are also included on the roster, for England, Colombia, Mexico, and Switzerland each have a representative.

In all, sixteen states are represented by boarding students, while eleven towns are represented by the 30 day scholars.

PARSONS SCHOOLHOUSE REBUILT DURING SUMMER VACATION

During the summer the Parsons Schoolhouse, which was damaged by fire last January, was completely rebuilt and was ready for use when school opened. On the ground floor are large classrooms with the most modern equipment. Each has unusual blackboard space, semi-indirect lighting, and air-conditioning.

On the second floor the old study hall has been changed into a class room primarily for biology, the front portion of the room containing seating facilities for about twenty-five boys, the rear space being occupied by tables for laboratory work.

The exterior of the building remains in its original form, except for the fact that the chimney which was formerly at the rear has been moved to one side and an iron fire escape stairway has been added behind one of the wings.

Two lectures, one on current events by Mr. Harrison Lakin and the other on Turkey by Colonel Furlong, have been presented recently to the student body on two Saturday evenings.

Mr. Lakin is an authority on present day conditions, while Colonel Furlong was in the U. S. intelligence service.

A GOOD BEGINNING

It is often said that a good beginning is half the battle. This is particularly true in school, for a fine start contributes to success in every branch of school activity, whether it be scholastic, athletic, or extra curricular.

A good beginning means gaining a sound, solid knowledge of the fundamentals; it also means creating a good first impression. Early in the school year these two factors play a very important part in a boy's progress, and this is particularly true in the case of those who are here at Governor Dummer Academy for the first time. If it is felt that a boy is doing his best to establish himself firmly and is trying his hardest to acclimate himself to the life, work, and play of the school, many of his weaknesses can be overlooked and everyone is eager to help him in every way.

As the scholastic side of school is the most significant, the attention of every boy should be focused on doing well from the very first day. If a boy enters a class at the start of the year and goes about his business in an efficient manner, the master will naturally have more respect for and more interest in that individual. Furthermore, a student who prepares his assignments with real diligence from the very first will be well repaid for his efforts. A master can not fail to appreciate faithful work, even if it is not brilliant. When a boy slips on the early work, his lack of training in the fundamentals will very likely prove ruinous later on.

Likewise in athletics the start must be a good one. At the first drill a coach is aware

of those players who hustle and respond quickly and cheerfully to his requests. It has often proved true that some athletes are on a team more because of their drive or spirit than because of their ability. Fundamentals, of course, have the same bearing on athletics as on studies, and so any one who desires to play on a team must secure a real groundwork in the sport.

Finally, all these factors hold true in extra curricular activities, which may consist of anything from writing for the school paper to being a cheer leader. It is absolutely necessary to get the jump on the other fellow if success is to be achieved. A boy must be alert to pick up new ideas and he must be open for suggestions, otherwise, he will find he is being left out in the cold when it comes to choosing boys for the various school organizations.

The old maxim, "To begin well is to get along well", certainly is one well worth remembering by all those who wish to amount to something here in the school.

D. T. G. and S. C. S.

DR. LOMBARD, FORMER BYFIELD PASTOR, SCHOOL BENEFACTOR, DIES

The Reverend Herbert Edwin Lombard, a former trustee of Governor Dummer Academy, died in Worcester on July 13. Dr. Lombard was pastor of the parish of Byfield from 1902 until 1911, and while there he became interested in the Academy.

It was Dr. Lombard who was instrumental in raising money to move the Parsons Schoolhouse from its old location on the central part of the lawn before the Mansion House.

SCHOOL CALENDAR: 1940-41

Thanksgiving Recess: Wednesday noon, November 27, to Sunday, December 1, at 8:30 p. m.

Christmas Dinner: Tuesday, December 17, at 7:00 p. m.

Christmas Vacation: Wednesday noon, December 18, to Monday, January 6, at 6:30 p.m. Regular classes on Saturday, January 11.

Spring Vacation: Wednesday noon, March 12, to Thursday, April 3, at 6:30 p. m. Regular classes on Saturday, April 5.

Final Examinations: Monday, June 2, through Thursday, June 5.

Commencement Exercises: Thursday evening, June 5, through Friday evening, June 6.

College Board Examinations: Saturday, June 14, through Saturday, June 21.

A CHANGE IN MOOD

By WILLIAM DAVISON

William Davison is the English exchange student at Governor Dummer Academy. He comes here from the Felsted School in Essex, where he was one of the school leaders. He was Vice-Captain of the school, a school Prefect, and a fine athlete, having won his colors for rugby, cricket, boxing, and fives. He was also an honor student at Felsted. His home is in South-east London and he arrived in this country on October 3, aboard the H. M. S. Samaria.

The happy-go-lucky British public had viewed the prospects of war with few misgivings. It would be no picnic, but we would muddle through all right, and as long as we won the last battle, what else mattered? It was generally acknowledged that if one day the skies were to become black with hostile bombers, we were to understand that a state of war existed between England and Germany. No one expected a formal declaration of war. And so on that first morning of September when Mr. Chamberlain had just announced in such grave accents over the wireless that we were now at war with Germany, it hardly came as a surprise when the sirens gave vent to their nerve-shattering wail. So they had come. We could visualize them massing their planes and starting out in good time in order to arrive just at the moment when the ultimatum expired.

After the all-clear I went down to the beach to bathe. My mother and I had a small apartment in Hove, Sussex, my father being in the West Indies, and it was a mere hundred yards from the house in which we lived to the water's edge. There I heard every kind of rumor about the raid, all of which, it transpired later, were unfounded, since the signal had been merely a practice alarm.

And so it seemed that our imaginations had been painting far too lurid a picture of the frightful possibilities of war. There were no massed air raids. On the continent after several months the military situation had reached a stalemate. England regained her serenity and continued to enjoy life. We dined and wined, and knitted patriotically between dances.

It was not long, however, before this sense of false security was rudely disturbed. Without rime or reason and with no possible justification, Germany violated simultaneously the independence of peace-loving, prosperous Holland and gallant, little Belgium. Few military manoeuvres have met with more success. In very little time the flower of our army, some three hundred and fifty thousand

Photograph by Arthur Schuh
WILLIAM DAVISON
English exchange student.

regular troops, was surrounded on land by the German hordes. Holland had gone under, Belgium had been betrayed, and France was cracking. Suddenly in the midst of this dark night came the break of dawn, the first streak of light and of hope. The epic of Dunkerque is too well-known to repeat. Here was a fleet action, unorthodox, but one of which Nelson himself would have been justly proud. We had often taken trips in the little paddle-steamers that had now gone gallantly to their death in a situation for which they had never been intended. We knew some of the amateur yachtsmen who risked their lives for days and nights under the hail of bombs. Their gallantry thrilled us, and their heroism saved us.

Suddenly the mood had changed. We astounded ourselves. At first we hardly even dared believe the astonishing successes of our own Air Force. Then we realized that something miraculous had come to pass, and we made the best of it. Those few weeks after

(Continued on Page 8)

DUMMER ALLIES HOLD ANNUAL MEETING IN MANSION HOUSE

The annual meeting of the Dummer Allies was held on August 30 with Mrs. Eames at the Mansion House.

Officers for the year were chosen with Mrs. William Dummer as President; Mrs. Paul Capron, Vice President; Miss Carrie S. Dummer, Secretary; Mrs. Martin H. Burns, Jr., Treasurer; and Mrs. Martin Burns, Auditor. Chosen for the Executive Committee were Mrs. Edward W. Eames, Mrs. John T. Litch, Miss Gertrude Carleton, and Miss Ellen E. Dole.

The scholarship committee, comprising Miss Helen Noyes, Mrs. Francis R. Kitchell, and Mrs. Ralph W. Welch, recommended that Nathaniel Dummer be the recipient of an award for the school year.

During the meeting the Treasurer read a report of the money the Newbury Chapter of the Dummer Allies has raised since its organization thirty years ago. In that period of time a sum of \$3,428.76 has been raised, and it has been expended as follows: \$1,814.38 has been given in scholarships; previous to the establishment of a Permanent Fund \$1,198.56 was given for various school purposes, of which \$320.00 was for use by the Trustees, \$167.00 for library books, and the balance of \$420.56 for school building and furnishing expenses. The Permanent Fund has now reached a total of \$424.82.

The following twenty-five members were present at the meeting: Mrs. Edward W. Eames, Mrs. Martin Burns, Mrs. Martin H. Burns, Jr., Mrs. John T. Litch, Miss Gertrude Carleton, Miss Edith Daniels, Mrs. Nickolas Mosher, Mrs. D. Burton Brown, Mrs. William Dummer, Mrs. Paul Capron, Miss Carrie S. Dummer, Miss Annie Horsch, Mrs. Ralph W. Welch, Miss Ellen Dole, Mrs. Fred Nelson, Mrs. Sidney Holden, Mrs. William T. Whitney, Mrs. John Skeelee, Mrs. Harland C. Floyd, Mrs. Carleton Greenwood, Mrs. David C. Knight, Mrs. Francis R. Kitchell, Mrs. C. Edward Whitley, Jr., Mrs. John C. Harrington, and Mrs. Harold Knapp.

MORE BRIEFLY

At the Sunday evening Vesper service on October 20, Mr. George Adams spoke briefly to the boys and presented to the Academy a framed copy of the Adams coat-of-arms, which dates back to 1639.

A CHANGE OF MOOD

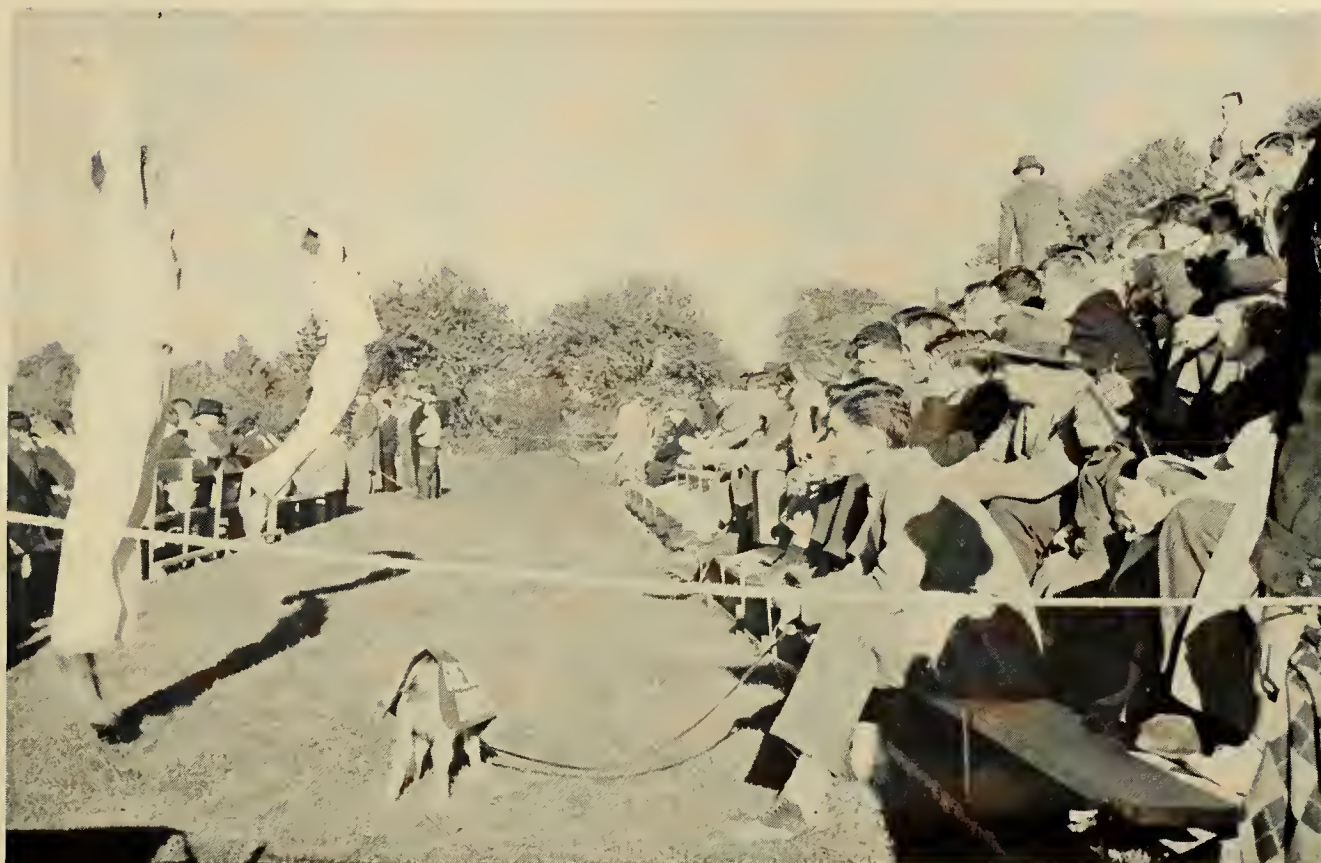

(Continued from Page 7)

the collapse of France were spent in reorganization and preparation. The generous, easy mood of Britain had changed into a stern and grim preparedness. And when the vast air armadas launched their furious onslaughts, we met their fury without wavering. We took all they had to give and were ready to take more.

American newspapers underestimate the damage and the heroism. No one who has not endured an air raid can visualize the effect it has upon the nervous system. But the Londoner can still smile as long as his vital industries remain untouched and can jokingly remark that most of London needed pulling down and rebuilding anyway. When I left London to catch the ship from Liverpool, I had been in 98 air raids. My principal worry was that I would not complete my 100 before I left England. But 48 hours in Liverpool contributed another 14, so I topped my century without difficulty. In the first fortnight of the massed air raids on London there were 10,000 civilian casualties, comparing with 250 in the combined forces. But one gets used to anything in time, and, after all, a stoic acceptance is the only way.

But there are one or two facts from which we may derive much consolation. First, it is generally conceded that the R. A. F. raids over Germany are more effective from a military viewpoint than the haphazard releasing of bombs, which is the method of the Luftwaffe. The second point I have to make is even more reassuring. On that first Saturday afternoon, five weeks ago, when three hundred and fifty planes passed over my house on the way to the London docks, three fires were started. They blazed furiously all night, and the pink glow could be seen 60 miles away. And yet the continuous hail of bombs promised to us by Goering never materialized. What was wrong? Surely if any time was ideal for smashing London, it was that night, and yet nothing happened. From this England gained strength and courage and determination. Here was a nation, fighting alone, yet united within herself and strong in the knowledge of this unity. Here was the stubborn, gay England, grim and dogged, an England that will fight and win, because she knows that the eyes of the world are upon her, and that she is fighting the battle of freedom. She will not fail.

FALL SPORT TEAMS IN ACTION

Photograph by George Leach

CHEERLEADERS IN ACTION DURING THE GAME WITH THE BOWDOIN JAYVEES

VARSITY FOOTBALL TEAM NOSES BOWDOIN JAYVEE ELEVEN 2 TO 0

The Governor Dummer football team captured its initial game of the season by nosing out the Bowdoin Jayvees 2 to 0 on October 4 at South Byfield.

Late in the third period a 60 yd. kick from the toe of Bob Pickett placed Bowdoin back on its 15 yard line. On the next play left guard Bob Urie crashed through the line and threw Bowdoin for a five yard loss. A Bowdoin back then fumbled and in recovering the ball lost another five yards. Finally, as the visitors attempted to kick out of danger, Urie again broke through to partially block the kick. The ball rolled back into the end zone where it was downed by the Jayvees for a safety.

The outstanding feature of the game was the excellent punting of Pickett of Governor Dummer, who averaged 39 yards per kick for the game. Fred Jellison also turned in a nice game for the home team both on the offense and defense. The whole line turned in an excellent defensive performance.

KIMBALL UNION DEFEATED BY 3 TO 0 SCORE IN SOCCER GAME

Showing excellent team play and fine spirit the Governor Dummer soccer team whipped Kimball Union 3 to 0 at Whipple Field on October 19. The Governors outplayed the visitors from beginning to end, and the outcome was never in doubt.

In the first period the Governors did not score, but they constantly threatened and pressed the Kimball Union defense hard. However, in the next quarter the Red and White drove home two goals, the first on a beautiful head by Dave Jarvis on a corner kick, the second on a fine kick by Humphrey Simson from 15 yards out.

After the half despite their 2 to 0 lead the Governors never let up, and the pressure was on Kimball Union throughout the third period. In the last quarter the final point was made when Paul Morgan nudged the ball in after a scuffle in front of the net.

During the game only five stops were made by the Governors' goalie, which clearly shows the home team's superiority.

ANDOVER VARSITY ELEVEN DEFEATS GOVERNOR DUMMER SOCCER TEAM

The Governor Dummer soccer team opened the most difficult schedule in the history of the sport here by losing to the strong Andover varsity 3 to 0. The game was played on Whipple Field on October 9.

Despite the fact that the Governors were handicapped by the loss of three regulars due to injuries, the game for three periods was a scoreless deadlock. In the first period the Governors completely outplayed Andover, but in the second stanza the teams fought on fairly even terms.

After the half Andover seemed to be a new team, although a staunch defense put up by the Governors kept them from scoring. However, at the very start of the fourth quarter, Andover scored, and this score took the zip out of the Governors to the extent that the defense weakened sufficiently to allow the visitors two more goals.

KIMBALL UNION HANDS DEFEAT TO GOVERNORS VARSITY ELEVEN

The Governor Dummer varsity eleven suffered its first defeat of the season at the hands of Kimball Union 21 to 7. The game was played at Meriden, New Hampshire, on October 19.

The Governors got off to a fine start as they took the opening kickoff and rolled down the field with an 80 yard drive for their one and only touchdown. Bob Pickett was the spearhead of the advance and finally, after bucking the line, he went over for the score. He also place-kicked the extra point.

Late in the second quarter the Red and White fumbled the ball on their own forty and Kimball Union recovered. Then, by a series of wide end runs and passes, K. U. A. staged a march which took them over from the 10 yd. line on a reverse. The try for the extra point was successful.

The turning point of the game came with the opening kickoff in the second half, when Johnson, speedy Kimball Union halfback, took the ball on his own 10 yard line and behind perfect interference raced 90 yards for another touchdown. This play took the drive out of the Governors and in the middle of the fourth period the home team went for their final score. The Governors were never able to threaten again.

ACADEMY FOOTBALL TEAM WINS OVER M. I. T. SOPHOMORE ELEVEN

The Governor Dummer Academy football team scored its second straight victory by downing the M. I. T. Sophomores 13 to 0. The contest was played October 12 on Morse Field.

On the third play of the second half, after receiving a lateral pass from Captain Whittles, Bob Pickett ran 65 yards for the first Governors' score. His try for the extra point was unsuccessful. In the same period after M. I. T. had carried the ball to the home team's 15 yd. line, Pickett was again the man of the hour as he booted the Red and White out of trouble with a kick which carried 70 yards from the line of scrimmage.

In the final quarter the Governors scored their second touchdown. The Academy team had the ball throughout most of this period due mainly to the fine running of Whittles, who finally manouvered the ball to the visitor's 8 yd. line. Pickett then bucked through the Tech line for his second score and kicked the extra point with but 8 seconds remaining in the ball game.

With most of the action confined to the second half, the first part of the game had little bearing on the final outcome.

"A" SQUAD GAINS 6 TO 0 WIN OVER AMESBURY HIGH FRESHMEN

The "A" squad crashed to a 6 to 0 victory over the Amesbury High School Freshmen at South Byfield on October 18. This victory was the first for Mr. Hill's eleven.

Throughout the first half the Governors were constantly on the offensive and Amesbury was kept penned in their own territory most of the time. In the second period by a series of line bucks and passes the home team marched down the field and John Kangis culminated the drive by taking the ball over from the six yard line.

"A" SQUAD FOOTBALL TEAM LOSES TO ANDOVER JAYVEE SECONDS

The "A" squad traveled to Andover on October 12 to play the Junior Varsity seconds. This team proved to be much heavier and more experienced and as a result the Governors were handed a 12 to 0 defeat.

SOCCKER TEAM LOSES SECOND GAME TO HARVARD FRESHMEN 4 TO 1

The Governor Dummer soccer team in its second quest for a victory visited Cambridge on October 16 to play the Harvard Freshmen, but they were unsuccessful as Harvard took the game 4 to 1.

Neither team seriously threatened in the first half and all the scoring was therefore confined to the second part of the game. Harvard drew first blood by driving home two goals midway through the third period. Soon after, Dave Jarvis tallied for the Governors. The Governors continued to press with a wide-open brand of offensive soccer, and as a result Harvard on two breakaways chalked up two more points late in the fourth period.

In the Harvard lineup were two of last year's Academy players, Karl Klaussen and Jim Dodge.

HAMPTON ACADEMY UPSETS SECOND SQUAD IN OPENING ENCOUNTER

The "A" squad football team was defeated in its initial game of the year on October 5 by Hampton Academy 13 to 0.

The "A" squad showed a lack of experience in this game, but Gordon Pirie and Acting Captain Stub Webster played a fine game in the backfield, while Dana Pierce stood out in the line.

SIX MAN FOOTBALL TEAM LOSES 18 TO 7 TO PHILLIPS ANDOVER

The "B" squad, playing its second year of six-man football, lost the opening game of the season to the Andover Clubs 18 to 7 on October 9 at Andover.

Despite the margin of the loss the "B" squad put up a very fine game.

PANSY INAUGURATES THE FOOTBALL SEASON

The new Governor Dummer mascot is shown in the pregame ceremonies. The group, reading from left to right, includes Mr. Sager, Academy coach, Captain LeRoy of Bowdoin, Captain Whittles of the Governors, Coach Shea of Bowdoin, Mr. Kirk of the Academy, and Paul Kirk.

COLLEGE BOARD RESULTS

(Continued from Page 1)

September, 1940, inclusive) and the distribution of these boys among the colleges:

Boys entering colleges which require College Board examinations:

Harvard	-	-	-	-	-	33
Massachusetts Institute of Technology	-	-	-	-	-	13
Princeton	-	-	-	-	-	7
Yale	-	-	-	-	-	6

Boys entering colleges which do not require College Board examinations:

Bowdoin	-	-	-	-	-	37
Williams	-	-	-	-	-	37
Amherst	-	-	-	-	-	35
Dartmouth	-	-	-	-	-	33
Brown	-	-	-	-	-	19
University of Maine	-	-	-	-	-	11
Middlebury	-	-	-	-	-	11
Worcester Polytechnic Institute	-	-	-	-	-	11
Colgate	-	-	-	-	-	10
Colleges receiving less than 10 boys each	-	-	-	-	-	138

Total number of graduates entering college over the ten-year period - - - 401

"YOU CAN BE SURE IT'S RIGHT . . . "

Our knowledge of what a boy going back to school ought to wear, must wear—and wants to wear—is exceptionally great. Current trends, like taste and standard requirements, are a matter of constant observation and study. That is why, as so many people say, "you can be sure it's right at Brooks" and why our new scale of lower prices in the Boys' Department is proving so interesting to many parents as well as to the boys themselves.
